April 2, 2026

Dear Valued Customer,

In response to your concern or inquiry, the following are PTC's statements on product compliance with various sections of PFAS (July 2025). Per- and polyfluoroalkyl substances (PFAS), sometimes called "forever chemicals," is a group of thousands of substances widely used in many industries. Due to growing awareness of health and environmental concerns, PFAS are facing increasing scrutiny worldwide. In-force and proposed measures set restrictions or requirements on PFAS use in some jurisdictions, and due diligence may be necessary to meet legal obligations, ESG commitments, and/or business requirements

PTC products meet various regulatory reporting requirements including but not limiting:

- **US TSCA Section 8(a)(7)**
- **Canadian Environmental Protection Act**
- **EU Restrictions**
- **US State Level Restrictions**
- **Product Registration Requirements**

PTC does not use and our products do not contain any of the PFAS chemicals.

The above statement applies to all PTC locations including Enduro Industries, Metal-Matic LLC, and PTC Liberty LLC.

A handwritten signature in blue ink, appearing to read "Jeff McNeely", with a long horizontal stroke extending to the right.
